PROFESSIONAL SUMMARY

Motivated Computer Science student with a strong interest in Cloud Computing, Data Engineering, Generative AI, Cybersecurity, and Data Analytics. Passionate about leveraging technology to build scalable, secure, and intelligent solutions. Currently developing hands-on experience through personal projects, continuous learning, and cloud-based implementations.

EDUCATION

Bachelor of Science in Computer Science

Computer Science Student

Expected Graduation: 2030

Relevant Coursework:

- Data Structures and Algorithms
 - Database Systems
 - Computer Networks
 - Software Engineering
 - Artificial Intelligence
 - Operating Systems
-

TECHNICAL SKILLS

Cloud Computing

- AWS EC2
- AWS S3
- AWS IAM
- AWS VPC
- CloudFront
- Route 53

Programming

- Python
- SQL
- HTML
- CSS
- JavaScript

Data Engineering

- ETL Concepts
- Data Pipelines
- Data Warehousing Fundamentals

Data Analytics

- Microsoft Excel
- SQL Analytics
- Pandas
- Data Visualization

Cybersecurity

- Identity and Access Management
- Linux Fundamentals
- Network Security Concepts

Tools

- Git
- GitHub
- Visual Studio Code

PROJECTS

AWS Static Portfolio Website

- Designed and deployed a static website using AWS S3.
- Configured bucket policies and website hosting.
- Implemented cloud hosting best practices.

Cloud Resume Challenge

- Building a cloud-native resume using AWS services.
- Learning serverless architecture and cloud automation.

Data Analytics Dashboard

- Developed dashboards for data visualization and reporting.
- Used analytical techniques to generate insights.

AI Chatbot Project

- Experimenting with Generative AI concepts and prompt engineering.
- Exploring practical applications of Large Language Models.

CERTIFICATIONS

Currently Pursuing:

- AWS Certified Cloud Practitioner
- AWS Solutions Architect Associate
- Google Data Analytics Professional Certificate
- ISC2 Certified in Cybersecurity

SOFT SKILLS

- Problem Solving
- Team Collaboration
- Communication

- Critical Thinking
 - Continuous Learning
 - Time Management
-

CAREER OBJECTIVE

To build a successful career in Cloud Computing, Data Engineering, Artificial Intelligence, Cybersecurity, and Data Analytics while contributing innovative solutions that create meaningful impact and drive digital transformation.
